Of the storm in Ohio, Greene county was about the hardest hit. Roads were damaged with numerous washouts and household goods and streams spread over the low lands. In Xenia the Shawnee creek again lapped at its banks and threatened houses bordering the stream although the water did not reach the stage it did during the flood several years ago.

Along the banks of the Shawnee, residents spent most of the night after the first storm broke shortly before midnight watching the high water. ## SOLDIER BONUS OPPOSED BECAUSE OF SUM NEEDED

Washington, April 21.-Conflict between Republicans and Democrats on soldier relief legislation broke out in the house after Chairman Good of the appropriations committee had warned members that to put through a cash bonus plan would "bring down the wrath of 106,000,000 men, women and children."

"The greatest badge that the Amer ican soldier will wear," Representative Good declared, "will be the badge of sacrifice and not the badge of a bonus." He said many legion officers had written him opposing the bonus plan.

Answering complaints that "congress has done nothing for the exservice men," Mr. Good said that for the current fiscal year the appropriation necessary because of soldier legislation calls for an expenditure of \$263,968,963, and that "without putting another line on the statute books" next year's expenditures would total \$458,440,000.

# DECIDE SIDEWALK ORDINANCE CASE

The constitutionality of Xenia's sidewalk ordinance will be decided by the Supreme court.

Notice was received Wednesday by City Attorney J. A. Finney, and counsel representing H. E. Schmidt that the supreme court had over ruled the application of Mr. Schmidt's counsel to dismiss the petition in error filed in supreme court by the city, in the sidewalk case. case will now be tried on its merit to determine the constitutionality by both the common pleas court, and the court of appeals.

The city filed a petition in error in the supreme court, and also asked that the court of appeals be required to certify its record in the sidewalk case. The Supreme court refused the record, and dismissed the application. The same action was taken by the court in the awning ordinance case, which had been decided in favor of the city, in the court of appeals. Because no constitutional question was involved in the awning case, counsel representing Mr Schmidt had no right it is stated to

file a petition in error in that case, After the Supreme court refused the application to direct the court of appeals to certify the record in the two cases, counsel representing Mr. Schmidt filed an application to have + be held at Fairfield Wednesday night, eer on the train is the Father-in-law the petition in error in the side.

# Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire

building, depends upon policies. A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority. If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

# Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

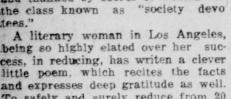

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

white diarrheea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes. "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 624 Columbia Bldg., Indianapolis, Ind.

white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes. "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 624 Columbia Bldg., Indianapolis, Ind.

## ASTHMA WOULD'NT LET HIM LIE DOWN

Hasn't had a sign of trouble now for over 9 months.

A year ago I had asthma so bad my friends thought I would never get over it. I had doctored for a long time without results. I had not been in bed without results. I had not been in bed for 3 weeks, could not even sit up straight in a chair. Then I heard of Milks Emulsion and started using it. It was only two days later that I could go to bed and sleep soundly. After taking eight bottles (\$4 worth) I found myself completely cured. It is over 9 months now since I quit taking Milks Emulsion and I haven't had a symptom Emulsion, and I haven't had a symptom of asthma since."—Geo. W. Baker, R. F.

D. J. Latrobe, Pa.
Why shouldn't Milks Emulsion help you? It has worked wonders for others.
It costs nothing to try.
Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It resters healthy natural howel actions do.

stores healthy, natural bowel action, do-ing away with all need of pills and physics. It promotes appetite and quick-ly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strong-ly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trou-

### HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must re-member that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.,

Dizzy spells made him stagger like a drunken man. Bowels badly constipated; stomach full of sour gas.

Claims wonderful relief since taking Dreco, the great herb remedy.

"I often had dizzy spells so bad that I'd stagger mound like I was drunk and my head felt like a whirlpool in a lake," said Mr. Clyde Gregg, who lives at 410 N. Fourth St., Cambridge, O.

"I can't really tell you how bad-ly I was constipated, but it's enough to say that I had to take a strong cathartic nearly every night. My head often seemed like it would split open. My stomach was out of condition, for after meals it would fill up with sour gas and made me very uncomfortable. The gas pressed against my heart and scared me up by the fluttering and shortness of breath it caused. I became quite nervous and my sleep was poor and unpleasant dreams annoyed me.

"As soon as I read about Dreco I determined to try that medicine and it sure has given me grand relief. My bowels act regular every day now and in a smooth, easy, natural way, no straining. The dizzy spells have passed away as I haven't had one in weeks. I eat anything I want such as fried meat, fried fish, vegetables, in fact, nothing seems to hurt me and I never have the gas any more. This, of course, stopped the heart fluttering and shortness of breath. I sleep sound and get up the next morning feeling refreshed and full of energy. Milks Emulsion is a pleasant, nutristive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. ### HOW'S YOUR BLOOD? Pimples and Eruptions

Mean Bad Blood People who have impure or impover-ished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor

Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper. The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must re-member that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

This is a Spring message to Young Men-not a lecture. This is the season when all young men are filled with ambition. They breathe it, eat it, talk it, and THEY SHOULD DRESS IT.

There are more opportunities today than when Carnegie was a boy and if that's hard to believejust try stepping out to amass a million DRESSED IN KILTS.

Good clothes, good manners, a stiff upper lip and a determination to work like a trojan are the planks that pave the road to riches. We sell the first-and you have the last.

SO LET'S GET TOGETHER. Michaels-Stern Suits. Manhattan Shirts. Stetson Hats Cooper Union Suits.

Nothing knocks out clothes so fast as autoing, but who wants to quit riding in an automobile or going tor an outing?

Then, PREPARE for it.

Let us furnish you a sensible TOP COAT to keep? off rain, wind or dust-also a cap and stout gloves. We sell comfortable clothes, but they always have the "Snap" to them.

We will not "puncture" your pocket book for more; than we ought to for the better clothes we sell.

Wear our good, "Nifty" clothes.

### WHAT THE GOVERNMENT DEPARTMENT OF AGRICUL-TURE IS DOING FOR ALL OF US.

Edwin T. Meredith, as you know, is the new Secretary of Agriculture. As the publisher of leading farm papers of the Middle West he long has been in intimate touch with agricultural progress in this country and has received admirable training for his new position. He has been a director of the Chicago Federal Reserve Bank and has been accustomed to the direction of large affairs in other capacities. He has recently contributed to the Christian Herald an article on what the Department of Agriculture does for all of us, which is so full of facts not generally known, that we take occasion to quote from it at length points which we believe will be of interest to our readers.

The Agricultural Department has 21,000 employes, something over 4,000 of them in Washington and 17,000 throughout the United States. The 17,000 come in contact day after day with the farmers and with the business men throughout the country. They have to do with the county agent work, with the eradication of diseases among live stock, plant diseases, insect pests, market reporting, weather service, etc.

When you realize some of the results that have been accomplished with "only ten or twelve millions," you will put the emphasis on the "only," because it is a mere trifle compared with the results.

The industry the Department of Agriculture is designed especially to serve has an invested capital of over eighty billions of dollars. You can take all the railroads in America, all the manufacturing institutions-iron, steel, and all the rest-some seventy-five other industries-add them all together, and you will have just met the capital invested in this business of agriculture. The agricultural and live stock product last year was twenty-five billions of dollars, equal in one year to our national debt at the present time-one-half the wealth of France.

Since 1880 there has been a gradual increase of 25 per cent in the yield per acre of the principal crops-25 per cent for the whole country. Notwithstanding the fact that we have placed under cultivation a great deal of new land, that we have taken deserts and made farms out of them, there has been a gradual increase of 25 per cent in the average yield per acre.
